# Democrats Blocking Congress

Editor Evening Bulletin:—For the present, consideration of any more of our bills in the House is entirely blocked by the filibuster now being carried on by the Democrats. Mr. Williams, the Democratic leader, has given notice that he will refuse unanimous consent on all measures until certain bills of a public nature are favorably reported to the House. As there has been no call of committees this year and will probably be none during the entire session, all bills of the character of my measures now pending have to secure consideration either by unanimous consent or on suspension of the rules; it is therefore impossible to say at the present time what progress we shall be able to make with our bills in the House for the remainder of the session.

In order that legislation for Pearl Harbor shall not have to depend upon unanimous consent, Mr. Bates has already secured the consent of Chairman Foss to have the Pearl Harbor bill offered as a committee amendment to the general naval bill; such an amendment would be subject to the point of order, and as the point of order is very likely to be raised against it, the Committee on Rules have already been approached with a request that in the event of this amendment being met with the point of order, they at once bring in a special rule making the Pearl Harbor items admissible on the general naval bill. There is a fair prospect that favorable action will be secured from the Rules Committee; we are not, however, depending upon that alone. Senator Perkins has already introduced a proposed amendment to the Naval Bill in language identical with the Bates Bill, and we have strong assurance that Pearl Harbor will be provided for by the Senate Committee if we shall by any means fail to secure action in the House.

Very truly yours,  
J. KALANIAN'OLE,  
Delegate to Congress,  
Washington, April 1, '08.

## CAMBRIDGE WINS

Putney, Eng., April 4.—For the third year in succession, Cambridge today won the varsity race, defeating Oxford by the handsome margin of about two and a half lengths.

The light blues—the Cambridge crew—fully justified the confidence reposed in the ability of the Riverside experts and forced to the front from the crack of the pistol and led from start to finish.

The result was never in doubt. In spite of the advantage of the dark blues—the Oxford men—in winning the toss, which enabled them to choose the Surrey side of the river and thus escape much of the heavy water at the start, the extra stamina of the Cambridge men quickly sent the nose of their boat ahead and enabled them to assume a lead, which they held comfortably to the end. The official time of the race was 19 minutes and 19 seconds.

The record is 18 minutes and 17 seconds, established by Oxford in 1903. The time last year was 20 minutes and 26 seconds.

## JOE GANS AGAIN

A battle for the lightweight title between Joe Gans and Rudolph Unholz, the Boer fighter, is one of the probabilities of the near future, and James Coffroth, the San Francisco promoter, is already framing up the details. As Nelson evidently does not care for Unholz, Coffroth thinks that a battle with Gans would be a fine attraction. Unholz, who is in Chicago, has wired Joe Thomas, who is representing him in California, that he will take on Gans in April, either to a finish or in a 42-round battle at 133 pounds ringside.

## APPOINTMENTS WILL

(Continued on Page 4)  
The endorsement previously in cases where the appointment had already been made? asked the reporter.

"Yes, we may have in some exceptional cases," said Robertson.

"Then you do not intend to call a meeting?"

"Well, I will have to see the other members of the committee first."

Some members, however, stand strongly on their determination to decline to take any action. They say that no matter what the committee may have done in the past in similar cases it is not going to do so again, and even if a meeting should be called it is certain that no indecision will be forthcoming.

In this connection it is interesting to note that the part of the resolution endorsing Foss's administration which was contained in the resolution prepared by the Committee on Resolutions at the convention yesterday, was not passed without a struggle. One of the members of the committee stood out strongly against

this feature, favoring that it be cut out altogether, though he veiled his opposition by stating that he opposed the paragraph on the grounds that it was not proper for the convention called to pass on Federal matters, to take up matters pertaining to the Territorial Administration. H. P. Baldwin, however, came to the rescue with a strong endorsement of Delegate Kalaniano'ole, and this carried the Foss plank through.

## EXCESSIVE DRINKING.

Excessive or continued use of alcoholic beverages always results in a diseased condition of the nervous system.

The drinking man is often heard to say, "I can stop of my own free will and when I wish," but the poor fellow is now devoid of the power to act at the proper time and in the right way—it's too late, the craving has secured a firm hold and because of the diseased nervous system he has not the ability for sustained effort. The result we all know.

Drunkenness is no longer considered a crime; eminent scientists and physicians have agreed that it is a disease and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is Orinole. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded.

Orinole is in two forms. When desiring to give secretly, purchase Orinole No. 1, and if the patient will voluntarily take the treatment, Orinole No. 2 should be given. The guarantee is the same in either case. Orinole costs but \$1.00 per box. Mailed in plain sealed wrapper on receipt of price. Write for free treatise on "Drunkenness" mailed in sealed envelope by The Orinole Co., Washington, D. C. Sold by leading druggists everywhere and in this city by Honolulu Drug Co., Ltd.

## MASSACHUSETTS RECORD.

Editor Evening Bulletin:—Simply that we may, so far as possible, have facts for the foundation. That Washington "Star" article or interview placing Senator Crane as saying that Massachusetts would follow its "time honored" or traditional custom of sending unrepresented delegates to the National convention is contradicted and corrected by a number of the public men of the State and by the newspapers of the State generally. It is asserted as the fact, based on records presented, that Massachusetts, on every occasion excepting one only since the Civil War, has sent instructed delegations.

Faithfully,  
ED T.

Honolulu, T. H., April 14, 1908.
